

Form to register departure to another country

Anyone who expects to reside outside the Netherlands for eight months or more within a one-year period must register this departure with the municipality where he or she is entered in the Basic Register of Persons (BRP) no more than five days prior to his or her departure.

This form may be used to provide information concerning a departure to another country. You can use it to indicate whether you are moving alone or with your spouse, registered partner and/or children.
